

Resource 1.4

Plus, minus, interesting

What do you/ your group think needs to change in the school about sustainable practices and why?

Use the Pluses, Minuses and Interesting/Implications (PMI) chart to evaluate any sustainability practices at the school, compare advantages and disadvantages, and make decisions. In the Pluses column enter all the positive elements, in the Minuses column enter all the negative elements and in the third column enter the issues and questions that arise from the ideas (Interesting) A scoring system can be added to this chart to inform decision-making.

PLUS	MINUS	INTERESTING
